Stream Ciphers

Dr Rosanne English

Stream Ciphers

Encryption and decryption performed on a stream of data

 e.g. bitwise XOR ($\oplus$)   with a key

encrypt the following:

```
P:       1101101101
K:       1100010101
```
E_K(P)= `0001111000`
